Experience

Full-Stack Developer — 2024 – 2026

ShemailoSoft (Pvt) Ltd, Chilaw

- Built and maintained full-stack web applications for real clients, including a multi-vendor food ordering platform for a Finnish restaurant, an e-commerce store with 1,400+ products, restaurant and retail POS systems, and booking platforms.
- Designed responsive interfaces, backend services, RESTful APIs, authentication and database schemas.
- Gathered requirements directly from clients, resolved system issues and provided technical guidance.
- Took part in testing, debugging and deployment to improve performance and reliability.

Data Collector & Field Coordinator — Contract

UNICEF Project (Contract)

- Collected door-to-door field data on maternal health and the Aswesuma assistance programme.
- Recorded, verified and submitted complex data forms into digital databases with high accuracy.
